HAT IS CHAVEZ UP TO?	
. (U) Last week the National Assembly arrived at the ecision to establish a single special commission to iscuss problems in the Enabling Law package without a ingle dissenting MVR voice. Chaves could have killed the awith the MVR before it happened, but he allowed the sputies to proceed. Now, after the commission is up as anning, he is demanding the MVR back out of it, an order to humiliate the pro-dialogue moderates.	e ođ
